

# The Great Pumpkin Challenge!

Pumpkin due on **Thursday, October 24<sup>th</sup>**

**Objective:** To design a marvelous and unique pumpkin using only objects found in nature!

**Who can participate?** Everyone!

**What materials are needed?** Please use a mini/pie pumpkin to help us create room for everyone to share their creation. Please use only natural objects to decorate your pumpkin. These might include hay, acorns, leaves that have fallen from a tree or bush (not leaves that you must pick from a tree!), dried corn, pecans, or old stems or seeds from other fruits and vegetables. Please no googly eyes, pom-poms, etc. We want to work our creative muscles!

Attach your natural materials in whatever way will make them adhere to the pumpkin!

On **Thursday, October 24<sup>th</sup>**, the children will bring their pumpkins to school to show all their friends.

The pumpkins will head home that afternoon to decorate your home space for fall!
